COMPANY PROFILE PT. BENUA AGRI SEJAHTERA

ABOUT COMPANY

PT Benua Agri Sejahtera is a company engaged in the processing of yellowfin tuna based in North Jakarta. We always get tuna raw materials from Papua & Eastern Indonesia because there are sources of tuna. Because we have been in this field for a long time, the process of maintaining and maintaining the temperature and quality of fish from Papua, Eastern Indonesia to Jakarta has been controlled and maintained. Our main export destinations is to the United States and Canada because that is where we rate many enthusiast of yellowfin tuna.

PT Benua Agri Sejahtera continuously pushes itself to provide the best marine fish services and products for its customers. The quality of products and services for our customers is always our main concern. Therefore, implement various standard marine fish we management programs both on a national and international scale, starting from catching or procuring, processing, storing to become good and safe products for consumption.

VISION & MISSION

To become a tuna fish processing and trading company that is trusted, reputable, and can produce high quality, safe, and legal products and support the sustainability of marine natural resources.

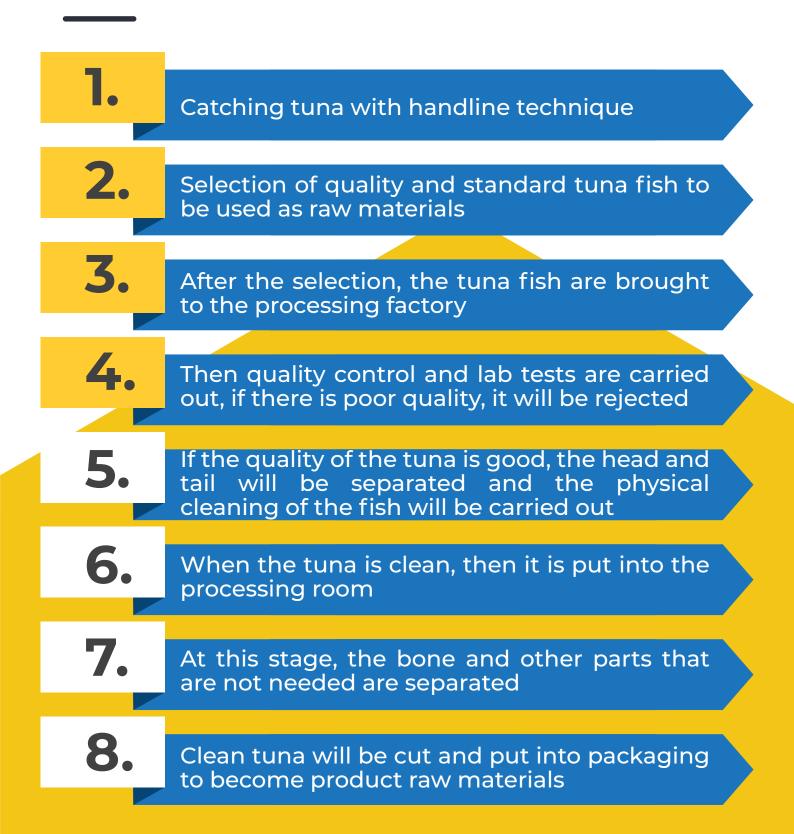

Cooperating with fishermen throughout Indonesia by providing training to fishermen regarding the quality of raw materials so as to improve the standard of living of fishermen.

Carry out local and cross-border trade transactions
