Alter Trade Indonesia

Safety Food For People's Life

Introduction

PT ALTER TRADE INDONESIA is a company that takes pride in their commitment to quality and safety. with unique slogan "safety food for people's life" they believe that the key to delivering the best products lies in their meticulous processing methods. From start to finish, every step is carefully monitored and controlled to ensure that only the finest seafood reaches your plate.

What sets PT ALTER TRADE INDONESIA apart from the rest is their direct partnership with local farmers. By sourcing their raw materials directly from the hands of these dedicated farmers, they guarantee that only the freshest ingredients make it into their processing facilities. And believes, does it make a difference! The taste and texture of their shrimps are simply unparalleled.

PT ALTER TRADE INDONESIA's dedication to quality is evident in their rigorous supervision and detailed control processes. They leave no stone unturned when it comes to ensuring that every product meets their high standards. From the moment the raw materials arrive at their facility to the final packaging, every aspect is carefully monitored.
